	Keyboarding with Computer Applications, Lessons 1-150	**Johnson, et al**	**2007**	**9-12**	**9780078693168**	**37%**
	Key Features: All elements are fully integrated to provide students with the total learning experience. Cross-Curriculum activities enable students to use their keyboarding skills in other courses. The first section of this program concentrates on learning the keyboard and word processing applications. Later lessons cover desktop publishing, databases, and spreadsheets. Locational Security Approach is used to introduce new keys and to build students' skills. This program includes comprehensive skillbuilding routines. Pretest/Posttest routines diagnose students' weaknesses and prescribe individual practice.
